

West Melton Primary School
EYFS Parent Topic Narrative
Valerie Thomas Class Mrs Arnold Autumn 1

		<p>As Artists and Designers, we will develop our creativity by ... designing and making representations of characters from stories we read. We will be creating representations of the People who help use, emergency vehicles, super heroes. We will be exploring art and design through pencil, paint, clay and box modelling. WE will be creating Diwali decorations and artwork linked to Bonfire Night. We will develop our colour mixing and painting skills to create paintings. We will use different textures to create the backdrop including pastels, chalk and malleable materials. We will also be creating models developing our joining technique and knowledge of mixing different medias.</p>
<p style="text-align: center;">How can I be the best that I can be?</p>		<p>As Geographers we will develop our curiosity by ... exploring our local environment and the UK. We will be looking at the UK's features and locating England on the Globe. We will be looking at the climate of Earth and the weather.</p>
<p>As Readers, we will have the opportunity to ...enjoy many stories set in space such as Burglar Bill, Michael Recycle and Supertato. We will be exploring the characters, settings and the events in the stories. We will be developing our phonic knowledge further. We will also be continuing to use our reading characters to help us to answer different types of questions about our texts.</p>		
<p>As Scientists we will be developing our curiosity by... investigating, researching and learning about Recycling and how we can look after the Earth. We will look at the characteristics of different materials.</p>		<p>As Historians we will develop our curiosity by ... looking at different the history of space exploration and the famous person Neil Armstrong. We will also be looking at toys now and toys in the past (1960's).</p>
<p>As Writers we will develop our creativity by... using our talk for writing strategy to write our own stories, inspired from our class text. We will have the opportunity to develop independent writing skills in all our learning areas.</p>		<p>As Mathematicians we will have the opportunity to... secure our place value of numbers to 5/10 and beyond. We will be solving problems, ordering and recognising these numbers. We will meet many maths challenges around the room in the different areas of learning.</p>
<p>As Rights respecting Citizens we will... become active and involved in school life and the wider world by looking at how we can continue the work we have done through cash for kids and keep links made within the local community going.</p>		<p>We will have the opportunity to ... learn about the different roles, and responsibilities of authors, editors, publishers and printers and celebrate our learning by... creating a beautiful Topic book. We will also start our learning journeys and learn to be proud of our work. We will show we have met challenges by completing challenges within continuous provision.</p>
<p>In Religious Education we will... continue to learn about the Christian faith and celebrations throughout the world. In November we will be learning about the celebration Diwali.</p>		<p>As effective Learners we will... we will be learning about our 5Rs of learning with a particular focus on how to become a more reflective learner. We will learn how to recognise what we have done well and how could we improve next time.</p>
